

Please do not let the LPFM stations take priority over current FM translator service. There are few stations such as K-LOVE that provide uplifting, family-friendly music and commentary in our area. I listen to K-LOVE during my commute to work and throughout the work day, as well as at home on the weekends, and it provides an upbeat alternative to the negative music found on so many other stations. If K-LOVE is displaced by an LPFM station with other programming, another station with such a positive message will be difficult to find. Please protect the current FM translator service! Thank you!
